This will allow you to earn references and develop your local reputation. Add a missing place to Google Maps from a computer by per the area on the map and choosing to add a missing place. To answer questions like these, find the contribution area, such as via the Google Maps app on your mobile device, then tap Results about a Place. When you're viewing a place on Google Maps, you can select suggest an edition to request that something be changed. The main focus of a local marketing strategy is to first determine all of the local keywords for your business. Photos are so easy to add to Google Maps. Another way to check your contributions is from the contributions page of the Google Maps menu on your phone or computer. The goal is to have your website appear on the first page of search results when the keywords for your local area are entered. The way interactive marketing is changing local businesses is starting to get a marketing edge. Local Guides is a free Google Maps service that allows anyone to contribute photos, comments and more. You can type an address in the text box at the top of Google Maps to find the business. Select Check the facts to start verifying information that other people have provided. You may be asked what types of food a grocery store offers, whether it is a wheelchair ramp entrance, whether parking is free, whether toilets are available to the public, whether it is a good place to bring children, etc.
